MANAGING YOUR APPLICATION

Before you start completing your application you will be asked the required **Admissions Date**. Please note this date is for our reference and is not a guarantee of placement.

ESF Kindergartens will determine the **Year Group** for admission according to your child's date of birth. The Year Group may be adjusted to ensure your child's date of birth matches the ESF system age requirements. See the ESF website under policy and procedures for Age to Year group table.

Once you have completed the application, you may preview the form before it is submitted. There is an 'edit' button to make any changes before submission. Once you hit the 'submit' button, the application is saved to the database and you will not be able to electronically edit any part of the application.

After submission if there are changes required to your application, you will need to email the ESF Kindergarten (refer to the Kindergarten website) quoting your 'application reference number', your child's name and details of changes required.

After successful submission, you will be asked to 'print' your application form. You should print two copies, one to retain for your records, the second to forward to the Admissions Office for your related Kindergarten with the supporting documents (listed on the application checklist). Please refer to the list of Kindergartens on the website at <http://www.esf.edu.hk/kindergartens-overview/> for individual Kindergarten addresses.
